

## FOOD SAFETY POLICY

We at ALFT Packaging Company (PVT) Ltd are committed to delight our consumers by manufacturing and distributing of world class flexible packing materials to fulfill customer expectations.

To do so we will,

1. Conform to Food Safety Requirements in **ISO 22000:2018** , **FSSC 22000:2011**, **BRC** standards and comply with applicable statutory and regulatory requirements of the Government of Sri Lanka and international bodies like FDA coming under food packaging and consumer protection.
2. Communicate Food Safety policy related requirements internally and externally among employees, respective suppliers, service providers and customers.
3. Continually review food safety objectives to effectively manage food safety risks associated with changes in product, process and technologies.
4. Work towards achieving the food safety parameters and upgrade the food safety management system of the organization.
5. Maintain a competent workforce, state of the art and hygienic manufacturing infrastructure.
6. Maintain and continually improve the effectiveness of our Food Safety Management System(FSMS)
